

Integrated Cabinet Solutions
For *Business-Critical Continuity™*

Knurr® Racks And Accessories *Quick Ship Program*

Solutions Oriented With The Spirit Of Innovation

When You Think Of Knurr, Think Of Convenience

Knurr, one of the world's largest suppliers of IT enclosures, offers a cabinet platform with unique features that solve problems faced by data center personnel.

The Knurr Miracel is an innovative rack built on a unique extruded aluminum platform. It has been designed with the convenience of the user in mind:

- The rugged aluminum frame is 50 pounds lighter than a comparable steel frame, making it easier for a user to move the rack by themselves.
- EIA rails and PDU quick mounting rail are designed to mount and adjust easily.
- Tool-less cable management allows components to be mounted anywhere in the T slot in the cabinet frame, the EIA rail or the PDU rail — just insert with your fingers and rotate the piece clockwise 90°.

You Need Cabinets Within A Week.

Well, how does three days sound? Because with the new Knurr Quick Ship Program, you can order fully assembled cabinets and accessories to be shipped within 72 hours.

Get what you need, when you need it:

- Enclosure height of 42U
- Widths of 24" or 32"
- Depth of 44"
- Side panels
- Mounting and cable management options

Spring Nut In T-Slot
Allows Component Mounting
Anywhere In Cabinet Frame

Lightweight Aluminium Frame
Makes The Cabinet Easier For A Single
Person To Move

Roof Pre-Drilled For XDV
Accepts XDV With No Need For Drilling

Tool-Less Shelf
Mounts In Square Holes On 19" Rails In Seconds

83% Open Area
For Improved Airflow,
Highest In The Industry

Tool-Less Cable Management on Frame
Insert And 1/4 Turn, Installs In A Second

Powerstrip On Frame
Offers Another Zero U
Powerstrip Mounting Option

Z Shaped Rail
19" Rail With
Additional Functionality

Z Rail With Cable Management
Insert And 1/4 Turn, Cable Management
In Two Locations On The 19" Rails

Z Rail with Powerstrip
Mounts Between Rail And
Side Panel, Allowing Another
Zero U Mounting Option

Doors Open to 180°
Allows Easy Access To Cabinet,
Without Removing The Door

**PDU Bracket With Powerstrip
and Cable Management**
Provides Another Option For Zero U Powerstrip
And/Or Cable Management Routing

Low Profile Casters
Allows 42U Cabinet To Roll
Through Standard Doorway

Flexibility:

- Facilitates easy mounting of equipment and accessories almost anywhere in the cabinet, due to patented aluminum extrusion channels.
- Allows the power strip to be conveniently mounted in the zero U space, making it more accessible for the user.

Higher Availability:

- Reduces obstructions to air flow with the logical cable management system, reducing the adverse effects of heat on the rackmounted computer equipment.

Lowest Total Cost Of Ownership:

- Reduces overall installation time, with simplified installation of components.
- Reduces costs and lead times with standardized components.
- Maximizes the amount of usable space in the cabinet, ultimately reducing cabinet count.

Ensuring The High Availability Of Mission-Critical Data And Applications.

Part Number	Description	Quantity
KMK6B122000	42U x 24" W x 44" D with Side Panels	
KMK6B120000	42U x 24" W x 44" D No Side Panels	
KMK8B122000	42U x 32" W x 44" D with Side Panels	
KMK8B120000	42U x 32" W x 44" D No Side Panels	
Accessory Items		
002185000	Fixed Tool less Shelf
